- Fully Integrated Site:
 - R&D, Pilot Plant, Production, QA/ QC,
 - Project Coordination, Sales & Marketing
- Last FDA Inspection Dec. 2003 (no form 483 issued)

Activities:

- Process Development
and
- Custom Manufacturing
of
- New API's
and
- Advanced Intermediates

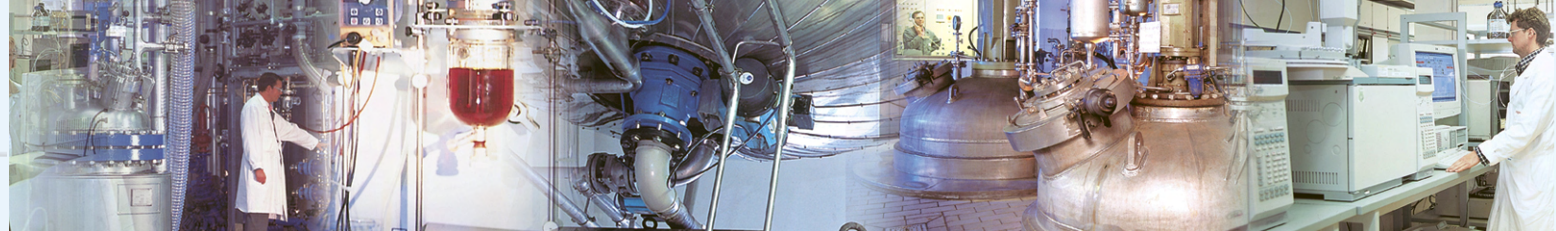

PharmaZell Sites Chennai, India

- Inauguration in 1996
- 100% owned by PharmaZell
- German Management
- Fully Integrated Site
(R&D, Pilot Plant, Production, QA, QC)

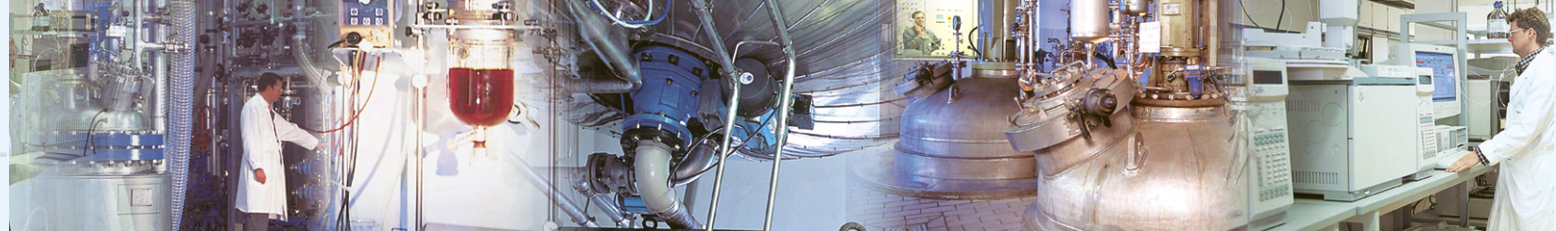

Activities:

- Process Development
and
- Custom Synthesis at Low Cost
of
- Mature API's
and
- Intermediates

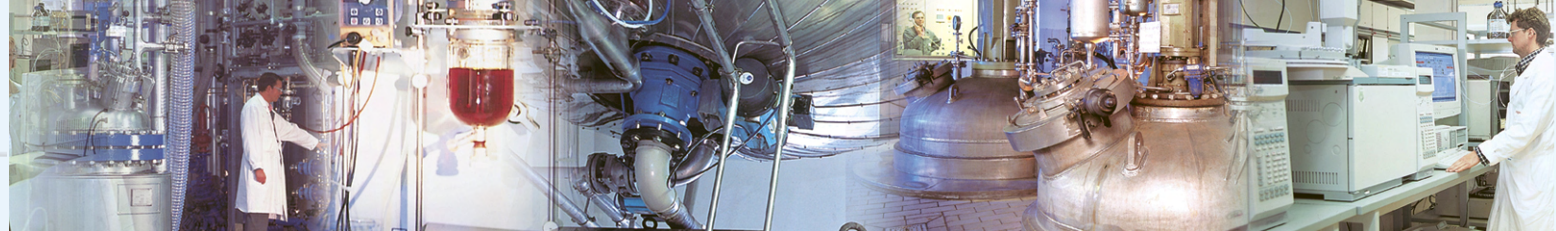

we offer API's

Active Ingredient	Indication	Quality	DMF/CEP
N-Acetylcysteine (NAC)	Mucolytic in Cough and Cold Treatment	Ph.Eur., USP	DMF/CEP
Atenolol	Beta-Blocker	Ph.Eur., USP	DMF/CEP
S-Carbocysteine (SCC)	Mucolytic in Cough and Cold Treatment	Ph.Eur.	DMF/CEP
Carbamazepine	Anticonvulsant, Treatment of Epilepsy	Ph.Eur., USP	DMF/CEP
Clodronate disodium	Bone Metabolism Regulator Antihypercalcemic Agent	API Quality	DMF
Mesalazine (5-ASA)	Anti-inflammatory Agent, IBD	Ph.Eur., USP	DMF/CEP
Orotic acid and its salts	Mineral Supplement + API	API Quality	DMF
Propafenone	Antiarrythmika, Heart Arrhythmia	Ph.Eur., USP	DMF/CEP

New Generic's

Active Ingredient (Originator)	Indication	Status	Patent priority
Clopidrogel Bristol-Myers Squibb (ISCOVER®) Sanofi-Aventis (PLAVIX®)	Inhibitor of Platelet Aggregation	process validation finished kg quantities available DMF available 02/2007	FR 1982 (free base) EP 1987 FR 1987 (H ₂ SO ₄) EP 1995
Quetiapine fumarate AstraZeneca (SEROQUEL®)	Antipsychotic Agent Schizophrenia	pilot scheduled 12/2007 lab samples + tech. package available	GB 1986 EP 1990
Olanzapine Lilly (ZYPREXA®)	Antipsychotic Agent Schizophrenia	lab samples + tech. package available	GB 1990 EP 1995
Pioglitazone hydrochloride Takeda (ACTOS®)	Oral Antidiabetic Agent Type 2 Diabetes Mellitus	under development lab samples + tech. package available	JP 1985 EP 1986
Telmisartan Boehringer Ingelheim (MICARDIS)	Hypertension, Heart Failure Angiotensin II Antagonist	under development	DE 1991 EP 1998

New API Projects

Active Ingredient (Originator)	Indication	Status	Patent priority
N-Acetyl-(D/L)-leucine Pierre Fabre (Tanganit®)	Acute Vertigo Crisis	lab samples available pilot in preparation	free of product patent
S-Carboxymethylcysteine-lysinate Dompe (FLUIFORT®)	Mucolytic in Cough and Cold Treatment	pilot quantities available DMF available 12/2006	free of product patent
Indapamide Servier (TERTENSIF®)	Hypertension, Diuretic Agent	pilot quantities available DMF available 02/2007	free of product patent
Methylphenobarbital (Mephobarbital) Pilva (PHEMITON®)	Antiepileptics, Sedative Hypnotic, Anticonvulsant	under development lab samples available	free of product patent
Ursodeoxycholic acid (UDCA) Aventis (DEURSIL®) Falk Pharma (URSOFALK®)	Liver Disease Therapy	lab samples available pilot in preparation	free of product patent
